

Guarantee Certificate

Our product-guarantee is only valid if a professional fitter or contractor does the installation of the floor, the decking or the cladding. To make the guarantee valid, this Guarantee Certificate has to be completed with full information of location, fitter/contractor and owner. Depending on the product, additional information is required (page 2).

This Guarantee Certificate must be returned to us within 30 days upon installation. Please keep a copy in a safe place for your own records and reference.

The Guarantee Certificate and appertaining invoice/delivery slip are to be presented in connection with any guarantee claim. Our conditions are specified in our documents "General Terms & Conditions" as well as in "Limited Warranty", both documents which can be downloaded at any time from our website.
