Woodtrend is a privately owned limited company.

We have an enviable reputation for delivering what we promise and have a diverse portfolio of clients; please consult our website for more details about us and our range of clients.

Our environmental commitments

We will demonstrate our commitment to the environment through:

- The promotion of sustainable development in our construction activities.
- Compliance with legal and other relevant requirements.
- The continual improvement of environmental performance throughout our operations and activities.
- Pollution prevention.

Our environmental objectives: To underpin these 4 commitments we have adopted the following:

- Promotion of sustainable principles in our developments through the use of reusable and recyclable products.
- Management and reduction of waste from our operations and activities.
- Adoption of energy and water efficiency best practice in our building design and our construction activities
- The identification and management of environmental risks arising from incidents and business activities
- Consideration of our neighbours, wildlife and the cityscape.
- Promotion of improved environmental performance by our contractors and suppliers
- Achievement and maintenance of an environmental management system conforming to ISO 14001.

Environmental performance

Our objectives will be delivered through a program of environmental targets and will be managed and monitored by our motivated team.
